

Celebration Church Child Sponsorship

September
2025

Sponsor Mission Team Visit

We were thrilled to welcome our Sponsor Team in September! Their time in Mozambique was full of meaningful connections and hands-on experiences. Sponsors visited their sponsored children's homes, walked with them to school, helped the kitchen staff prepare and serve meals and snacks, and even joined them in their classrooms.

A couple highlights were Matt teaching the older kids some valuable first-aid skills and everyone participating in teaching Sunday Kid's Church at different campuses. To wrap up their trip, the team had the unforgettable opportunity to travel to **Kruger Park in South Africa**, where they saw some truly incredible wildlife.

See Celebration Church's Missions [Page](#) for information on future mission trips to Mozambique. If you can't join a team, you can visit your sponsored child by video. Schedule through the [Celebration Sponsorship App](#).

When you give, you are doing more than providing for children's needs—you are **joining in God's Mission for His Church in the world**. Every gift becomes part of His greater story of love, hope, and transformation.

2025 Soccer Tournament Champions!

Last month we shared how our 8th-grade girls' soccer team faced some early challenges. True to their grit, determination, and eagerness to learn, they turned things around—rising from tournament newcomers to **tournament champions** with an impressive 5-2 victory.

To celebrate their incredible journey and hard-earned success, we treated the whole team to ice cream after the game!

CULTURE CORNER

Armed Forces Day

Mozambique observes **Armed Forces Day on September 25**, marking the beginning of the War for Independence against Portugal (1964–1974). The struggle ended with independence on June 25, 1975, after more than 470 years under Portuguese colonization. This day honors those who fought for freedom and celebrates the establishment of Mozambique's national armed forces to safeguard the nation's sovereignty.

Did You Know?

Pew Research projects that, based on current trends, the global center of Christianity will shift to the heart of Africa by 2050. This means **Africa is no longer simply the mission field—it is becoming the mission force.**

Through your prayers and support, you are helping to equip a new generation of young leaders whom we believe God will use to reach their nation, neighboring countries, and to the rest the world.

Thank you for investing in our children, their education, and their future. You are making a difference in their lives today and in the generations that will follow.
