

Celebration Church Child Sponsorship

March 2026

First Day of School

The first day of school always begins with first day jitters, tears, and excitement to be back in school.

Students arrived early, reconnecting with friends and teachers, settling back into routines that bring structure and consistency to their days. There was energy across the campus, laughter in the air, conversations picking up from where they left off over the break, and a clear sense that this place matters to every student, teacher, assistant, cook, administrator and family.

For our students, school represents more than academics. It is a place of growth, stability, and encouragement, a place where they are known and where their future is being shaped day by day.

Together, we are seeing students step into opportunities that are shaping what lies ahead. Through this journey, they are growing as Strong Christians, experiencing real transformation as doors open and purpose becomes clearer. Thank you for walking with us.

November Sponsor Trip

We are looking ahead to November, when we will host a sponsor trip to Mozambique, an opportunity to experience this work firsthand, spend time with students, see the school in action, and connect more deeply with what is happening here. These visits are meaningful because they are built on relationships, offering a clear and personal view of the impact being made while creating moments that stay with you long after you return home. We believe God calls each of us into His mission, and there is often a clarity that comes when we step away from the pace and distractions of daily life and enter a place where we are less in control and more attentive to His voice. If you have been considering coming, we would encourage you to begin exploring that possibility today!

Chongoene

New Year, New Program

At the Chongoene campus, we welcomed an additional 30 students, bringing the total to 60 children across four- and five-year-olds in this growing location. What began as a simple entry into the community is quickly becoming an established and trusted presence.

Celebration's Chongoene program represents more than growth in numbers. It reflects a deepening trust within the community and a shared belief in the importance of early investment through nutrition, education, and a Christ-centered environment. We hold to the truth that Jesus is the answer, and that answer is expressed in meaningful, practical ways each day. Through sponsorship, we see that lived out in the care, consistency, and support provided by our local staff as they faithfully invest in these children.

Crossing the Finish Line - Grade 12

This year marks a significant milestone for the School of Champions as we launched our first full Grade 12 class, bringing the school's original vision into full expression. In alignment with Pastors Joe and Lori Champion's vision in *The Church That We See*, we are investing in the next generation, not as the church of tomorrow, but as the church of today. What began years ago as a foundational step in education has now grown into a complete academic journey. As we look toward our first graduation in February, this moment represents more than a single class; it reflects the fulfillment of a vision and lays a strong foundation for what is ahead.

Your partnership helps bring God's mission to life in practical ways each day. Through your support, this program invests in students spiritually, educationally, and physically, shaping lives with purpose and direction. As a result, young people are growing in faith, developing in character, and stepping forward with confidence. Thank you for your faithful support.
